To Whom It May Concern; In refferance to this so called proposed Court Rule No.2003-47,, your job is to interpert the LAW not try to change it. The United States Constitution and the Michigan Contitution state that very clearly. Is there some part of that as Judges , you all don't understand. Asbestos was a very dangeruse product health wise. I think it's about time that BIG CORPORATIONS and BIG BUSINESS be held accountable for their actions even if it means trial by jury. PLEASE listen to the working people . Yours truly,, Marvin LeVan
